BEAUBIER'S BEST.

The Carpenter's Theorem.

Demonstrated over a Graining Table, Followed by the "Glasses Steady."

Complimentary Supper at the Beaubier House to Messrs. Angus & Lyons Tenders by Their Workmen.

Report of the Occasion.

On Friday evening there took place at the Beaubier House one of those agreeable assemblies which it is the delight of the journalist to attend as well as to report. It was a complimentary supper tendered Messrs. Angus & Lyons, builders and contractors of this city, by their workmen. The occasion was one which more than ever proves "that the square described on the hypotenuse of a right angle triangle is equal to the sum of the squares described on the other two sides," for when master mechanics fraternize equally with the Apprentices and Fellow Craft there can be no reason for doubting that Euclid demonstrated thousands of years ago.

The company numbered about thirty, and about eight o'clock Col. Cassell took the chair at the head of the festive board, while Mr. Robert Smith occupied the vice-chair. Mr. McIntosh, of Regina, formerly of Brandon, who happened to be present, was served with a spontaneous invitation to stay and partake of the feast, his coat, cap, mitts, etc., being stored away in order to prevent any excuse on his part.

The spread was, under the circumstances, one of Beaubier's best, and the typical "sample justice" was done by the solids by the company, especially by the representatives of the Mail and Sun, who on account of their abstemious principles in the matter of vivacious liquors, gave universal attention to the solid accompaniments, and soon had the waiters very busy.

When everybody was through, and the reporters had taken the last hit, the cloth was removed up to within the sparkling liquors, including the "cold sparkling" for the Press, introduced, and the customary formal toast drunk with that zest and dignity becoming loyal toasters.

The toast to the "Government-General and Princess Louise" was responded to by Mr. Smith, who sang "Our Homes" in a very spirited manner.

The toast to the "Army, Navy and Volunteers" was coupled with the name of Lieut. Anderson, who made a very suitable response, after which Mr. Angus gave, in good style, a treasured relic of the "British Lion."

At this stage the following address was presented: To Messrs. Angus & Lyons.

GENTLEMEN—The undersigned mechanic, who is in your employ, takes this opportunity of expressing our appreciation of you as our employers. We know that there are occasions on which it becomes a pleasure as well as a duty for the employees to express in a marked manner his appreciation of the employer. This is one of those occasions, and although we do not come forward with a toast, yet we can sincerely say that the present evening is a most earnest and happy one.

We very much regret the absence of Mr. Lyons in Ontario, but we feel assured that you, Mr. Angus, will convey to your worthy partner the sentiments of this address and this occasion. In conclusion, we beg to tender to the firm of warmest expressions of esteem for the past, and our fondest hopes that the future will crown the success of the firm with that success which a liberal and upright course demands, and our earnest wish is that the present mutual good feeling may always exist.

Believe us to be, Yours very respectfully, RICHARD WATSON, NEAL CASSIDY, JAMES HARRIS, ROBERT SMITH.

Brandon, Mon., Dec. 15, 1892.

Mr. Angus, on behalf of the firm, replied in an appropriate manner after which Mr. Evans gave a song.

The Dominion and Local Legislatures was proposed by the chair, and coupled with the name of Mr. Weston of the Sun. Responded to by that gentleman in an appropriate speech.

The "Press" was duly responded to by the Mail and Sun, of course, in a very able manner.

The "Health of Our Guest," was the toast, and Mr. Angus made a sensible response.

The "Manufacturing interests of Manitoba and Ontario," was responded to by Mr. John Watson, of York, who is known all over.

Mr. Watson, in responding to the toast, spoke highly of the prospects of the City of Brandon, and pointed out that in a very short time it must become a very large metropolis.

Mr. Watson's remarks made a very happy impression on the company who felt that his presence at the supper was a most fortunate occurrence.

The health of Mr. Lyons was suitably responded to by Mr. Angus, as was also the City of Brandon by the same gentleman.

The toast "To Reginald," of course, brought Mr. McIntosh to the front, and to say that Mr. McIntosh was good company throughout the night is to put it feebly. He never lost an opportunity of "carrying his Queen," a pair of which he considers better than an ace any time. Mr. McIntosh made a happy, humorous and interesting response.

The chairman followed with a song, "Our Forefathers." Mr. Angus recited "Boh's Address to the Persians," to which he did full justice.

The "Health of the Chair and Vice-Chair" having been drunk, the chair sang in response "The Red White and Blue." Longfellow's "Pauline's Life" was recited in a pat and manner by Mr. Angus.

"The Ladies," not lost and not least, was responded to by Messrs. Crawford and McIntosh, and these gentlemen did not forget that once they were devoted to the shrine of Cupid or of Venus it little matters, and that they know all about it, and what they didn't know about the "sweet dears" would not be worth telling a girl.

The toast of "Our Host and Hostess" was responded to by Mr. Cornell in suitable terms.

A pleasing feature of the occasion was the spirit in which Mr. Watson entered into the entertainment. Although he was a little late in arriving, he stated that he was glad to see the respect in which his old friends were held, and that he would continue, Mr. McIntosh, too, was a one of the sunny spirits who helped to pass the time pleasantly.

According to the reporter, which it was nearly two o'clock when the pleasant little reunion broke up, and in closing our report of it, let us hope that many more similar reunions may take place, and long life to those who get them up.

The Beaubier House—its host and hostess cannot be too highly praised for the way in which they carried out their part of the occasion.

Good Morning.

TUESDAY, DECEMBER 19, 1912.

BRANDON BUDGET.

If you want the news.—Get the Daily Mail.

The wires were a little mixed yesterday between this point and Winnipeg. They are all O.K. now.

No one who reads and runs can fail to see the sign of the DAILY MAIL Printing House, as it appears large, prominent and convincing. If you care to peruse.—Read the Daily Mail.

The sales of cutters and similar vehicles, about which there has been much bustle and activity, came off repeatedly. Good prices were realized.

Already the holiday season of Christmas gifts has commenced, and the dealers in fancy articles are beginning to feel the enticements of the coming boom.

Mr. J. H. Miller, merchant, who sells opposite the telegraph office, has received two car loads of good things just forty-three days en route. They have, however, come in good order, and well condition, notwithstanding.

If you wish to endorse.—See the Daily Mail.

The regular meeting of the city council took place at the new council chamber last night. We will give a full report of the proceedings in tomorrow's issue. Such report has been crowded out by the pressure of other matter on our columns.

There was quite a fall of the heavy blanket on Monday night, and now the sleighing is just excellent. The weather, too, has moderated greatly. The air is fresh and the weather mild enough for the most tropical tropicalist.

Your family to amuse.—Take the Mail.

Messrs. Mann & Shaw announce another carnival at the rink, on Wednesday evening the 27th inst. There will be an interesting time, as great preparations are being made for the occasion.

Freight on the C. P. R. is now coming in more lively, and there will be fewer grumblers. People are forgetting that the company are still rushing construction, and what with their own supplies and material and private freight it is no wonder that delays occur.

The Canada Methodist Church at Carberry was opened on Monday evening, the 11th inst. The choir went from Brandon. Mr. Sifton presided. Revs. Lawson and Bridgman from the city, and Rev. Mr. Woodworth from the Portage were present, and the occasion was quite interesting and instructive.

Or to express your views.—Write to the Mail.

We have received from Acton Burrows Esq., Sec-Treasurer, Winnipeg, General Hospital, a copy of all appeals to the public, on behalf of the Hospital. We know of no more worthy object in the Province than the Hospital, and we hope that the appeal will be responded to with becoming generosity.

The boiler of a thrasher which was being conveyed down Sixth street yesterday morning, came to grief opposite the MAIL office. It unceremoniously toppled over, but fortunately did not hurt any one. Those who handle boilers and heavy loads should endeavor to keep the centre of gravity within the wheels.

Or your business loss.—Don't take the Mail.

There must be something but on the north-west corner of Sixth street and Bridges avenue, judging from the number of inactive persons who assemble in that vicinity during midday hours. Our civic "cops" should order these automata to "move on," as such inactivity in a western town is wholly against the code.

Or if you choose.—Take the Weekly Mail.

The children connected with the Canada Methodist Church intend having a Xmas tree and singing exercises, on Christmas evening, at the church. Great preparations are being made, and that aged congenial Santa Claus, who comes but once a year, will be there in all his terrific generosity. It is hoped that the occasion will be as successful as the anniversary social in the same church, which took place about three weeks ago, and which was admitted to be in all respects a happy and instructive, and successful reunion.

Be yourself as you find it.—Take the Weekly Mail.

The attention of our readers is drawn to the advertisement of Messrs. Woodworth & Bunnell which appears in another column. This firm have just opened a new store on First street, and have purchased a large and varied stock, which is now neatly arranged on the shelves, and it will be to the advantage of those intending to purchase not to forget them, as bargains are given and only fresh and first-class goods are kept in stock. These gentlemen are buying and paying cash for wheat at the highest market prices. Their warehouse is easy of approach, situated near the First street bridge, and having a siding from the C. P. R., affords an excellent means of getting the wheat to market.

To prevent the blues.—Take the Weekly Mail.

It is the duty of our party to the end to avoid the suppression of method of endeavoring to gain a trifling point. When Mr. Sifton's organ states that it is only because he is desirous of serving his party that he consents to become a candidate, the *Sos* is guilty of omitting the word "country," and we fear that our contemporary has made this omission with malice aforethought. In the third paragraph of his address Mr. Woodworth declares:

"I hold that it is the duty of our party to secure for this Province every right of self Government and other advantages enjoyed by the other Provinces of the Dominion under the British North America Act. I deprecate the action of those who are endeavoring to stir up a spirit of discontent amongst our people by raising false issues, thereby attempting to secure the ruin of Government at the expense of our country's welfare."

Hence those tears of the 12th street Gaffer Phobus.

A boom in matrimonial affairs has already commenced in this Brandon of ours. The immediate cause of this activity in the matter of projected matrimonial felicity is the advent here of the Mutual Marriage Aid Association of Canada, the head office of which is Hamilton, Ont. The company is incorporated by a charter issued under the Revised Statutes of Ontario, and has for its Board of Trustees such well known gentlemen as A. Rutherford, Esq., who is President; Walter B. Webster, Esq., Sec-Treas; Jas. W. Beattie, Esq., Assistant Sec.; and J. McCormack, Esq., Auditor. The plan is mutual, and the object combines profit with philanthropy. An applicant for membership shall not be less than 16 nor more than 75 years of age; he or she shall be unmarried at the date of the membership. Certificate issued and of good character. An entrance fee is charged according to the following scale:

For \$1,000.....	\$ 6 00
" 2,000.....	12 00
" 3,000.....	18 00
" 4,000.....	24 00
" 5,000.....	30 00

Ten thousand dollars being the largest certificate issued to any one applicant. A person may marry at any time after becoming a member, but he must remain in the Association one year from the date of the membership certificate before receiving any benefit. The losses are paid by assessments made in the following way: For every member that gets married the unmarried members must each pay \$1.50 each year. This system of insurance is taking like wild-fire. The plan is highly recommended by the eastern press. Mr. N. J. Halpin, at Fleming's Drug Store, is the authorized Agent of the Association at Brandon. He will furnish the fullest particulars as to the workings of the system. Mr. Halpin has already induced several marriageable young men of the city who did not require many explanations, as they were thoroughly posted on the economy of the system.

CIVIC CONGRESS.

THE FATHERS MEET.

They Gave 1 1/2 Miles of Street and Side-walk, But Little Did They Dream, Of that "Internal Matter, Ronald"—"That that Freight of Mine and Steam"—In the matter of Economy—They're not so slow as "Scholars," Whether in Finance or "Economy"—They mean to save the Dollars.

Present—His Worship, Mayor Daily in the chair. Aldermen Winter, Pilling, Evans, Smart, Lockhart and Winters.

Absentees—Aldermen Fortier, Bower, Sifton, Brock and Horne.

Minutes of last meeting read, and with one amendment, viz: by substituting in the third line of page 134 the words Board of Works for the words Finance Committee, confirmed.

COMMUNICATIONS.

Communication from returning officer of City elections and voting on By-law No. 19, certifying that the latter had resulted as follows: In favor of by-law, 116. Against it 3.—Ordered to be filed.

Communication from Mr. O. McRobie, giving, as requested, his opinion of the fire engine and enclosing bill of expenses, amounting to \$8.50.

Moved by Ald. Winter, seconded by Ald. Evans, that the account of Mr. McRobie be paid.

An application from S. E. West for license for four billiard tables, was on motion granted.

Communication from C. Marshallbay, in reference to the delay in granting him a license to erect public weight scales, as petitioned for. On motion the same was ordered to be filed, upon the understanding that the Board of Works would deal with Mr. Marshall and that former communication be considered at the next meeting, and report to the council.

A communication was read from Fortier & Back, offering to furnish the City with public weight scales (horse patent). Referred to Board of Works.

From John M. Nabb, applying for order to make coal truck for Fire Department. Referred to Committee on Fire, Water and Light.

Petition from A. Harris, Son & Co., asking for permission to widen, at their own expense, the sidewalk in front of the business premises to the extent of four feet. Referred to Board of Works with power to act.

NOTICES.

All Polling asked whether any communication had been received from Mr. Egan, in relation to an invitation, he understood, was to be extended to the city and county councils to go to the end of the C. P. R. track west. His Worship replied that nothing had been said about the matter so far.

NOTICES.

Moved by Ald. Smart, seconded by Ald. Evans, that the city clerk be and he is hereby instructed to have the debentures called for by By-law No. 19 prepared and printed forthwith, and that His Worship, the Mayor, sign the same and the clerk affix the corporate seal thereto. And further, that the city clerk advertise in the local papers and in the Winnipeg Free Press and Times and Toronto Globe and Mail for the tenders for said debentures.—Carried.

Moved by Ald. Winter, seconded by Ald. Evans, whereas, owing to the number of important cases that have come before and have adjudicated upon by His Worship, the Mayor during the past term this council is of opinion that it will be conducive to the good government of the city and the adjacent territory that a Police Magistrate be appointed for the city of Brandon.

It is therefore resolved that the council petition the Lieut. Governor in council praying that His Honor in Council may be pleased to appoint a Police Magistrate for the City of Brandon, pursuant to the Act incorporating the said city.—Carried.

Moved by Ald. Smart, seconded by Ald. Winter, that the account of J. A. Christie passed by Board of Works at the meeting held in December 14th, amounting to \$4,745.60 be passed without reference to the Finance Committee.—Carried.

The report of E. McCormack & Co., estimating cost of necessary outlay on 18th street

bridge at \$6,940.15, was then read.

Moved by Ald. Winter, seconded by Ald. Pilling, that the members of the council along with the City Engineer, and Mr. McCormack, inspect the 1st and 18th street bridges, on Thursday next at 2 p.m.—Carried.

CONSIDERATION OF BY-LAWS.

By-law No. 19, to raise \$150,000 by debenture for permanent improvements, was then taken up.

Moved and seconded that by-law No. 19 be read a third time.—Carried.

The by-law was read a third time and finally passed.

By-law No. 24, confirming the appointment of James Jennings as mechanical engineer, was then read a first and second time and the council went into committee of the whole on the third reading which was reported passed in committee. A.M. Evans in the chair. No amendment. The report was adopted. The by-law was then read a third time in council and finally passed.

The by-law to raise \$50,000 for the purchase of the bridges over the Assiniboine was taken up. On motion of Ald. Winter, seconded by Ald. Winters, the consideration of this by-law was deferred one week.

Mr. Ronald, by permission, then addressed the council with reference to the fire engine, and payment therefor, and claimed to be entitled to the freight charges made by his tender dated August 2nd, last. The council were of opinion that the freight charges should be paid by Mr. Ronald in accordance with their resolution of August 11th accepting said tender. Considerable discussion then took place and the tender and subsequent correspondence upon the subject examined. It was finally moved by Ald. Winter, seconded by Ald. Winters, that the whole of the correspondence between the city and Mr. Ronald be submitted to the city solicitor in order to ascertain his opinion as to the amount the council is entitled to pay for the fire engine and hose carriages furnished by Mr. Ronald.—Carried.

On motion the council then adjourned until Tuesday the 12th, then to meet and decide the matter in dispute with Mr. Ronald.

ANNOUNCED MEETING.

Tuesday, Dec. 12, 1882.

Present—His worship Mayor Daily in the chair, Aldermen Winters, Evans, Sifton, Fortier, Lockhart and Winter.

Absentees—Aldermen Pilling, Brock, Bower, Smart and Horne.

The city solicitor's opinion was read as to the liability of the city to pay the freight on the fire engine and hose reels furnished by Mr. Ronald, which was to the effect that the city was not liable to pay said freight.

Mr. Ronald was requested to furnish a written statement of his account against the city and the same was handed in as follows:

To 1 Ronald Steam Fire Engine	\$1,500
small cart	300
" 2 Horse Reel Carriages	300
" Freight	300
	4,100

Moved by Ald. Winter, seconded by Ald. Lockhart, that the account of J. D. Ronald less the item \$900 for freight, be paid after deducting therefrom (viz. balance of \$3,800) the freight charges on car, said freight charges having been advanced by the council.—Carried.

Mr. Ronald was then heard regarding the item of freight on his account, and claimed to be entitled to receive the same, but after consideration agreed to accept \$150 in full therefor.

It was then moved by Ald. Evans, seconded by Ald. Winter, that Mr. Ronald be paid the sum of \$150 towards bearing his expenses for accompanying his engine to Brandon, upon condition that he forego all claim for item of freight charges.—Carried.

In passing the resolution, the council gave Mr. Ronald to understand that they had not altered their opinion as to their non-liability to pay the freight, and did so to settle the matter amicably, believing that the engine was worth the extra amount of \$150, thereby voted.

Moved by Ald. Sifton, seconded by Ald. Fortier, that Ald. Lockhart act as chairman of the Finance and Assessment Committee for the remainder of the year during the absence of Ald. Smart from the city.—Carried. The council then adjourned until Monday Dec. 13th.

MARRIED.

SUTHERLAND—At the Grand Central Hotel, Brandon, on the 17th inst., by the Rev. Theo. Lawson, John Suther, J. S. of their Township, Man., to Elizabeth, daughter of David Blair, Esq. of the same place.

WHERE TO BUY!

READ EVERY WORD, THEN DECIDE!

It is frequently a matter of extreme difficulty for the general public to know where to buy really good, fresh articles at moderate cost. To such we would say a word in season, namely, the place is at the

NEW CHEAP STORE!

And there inspect the new and Cheap Groceries, Provisions, Crockery, and Glassware. Having just received a large portion of a Stock of Groceries bought away below the Wholesale Price, and being compelled to make room for two car loads of Groceries in transit, we will, for the next 15 days, offer unheard of bargains to effect a speedy clearance.

SPECIAL ATTENTION.

Invited to a few of our leading Lines. Remember the Prices.
